

SAKI BRANSON

Project Manager

From system solutions to promoting Lizzo's newest album, I have helped produce various digital/creative projects throughout my 5 years of experience. I have strong technical knowledge of web/creative production, am skilled in various PM methods and tools, and passionate about design. *As of June 2020, I am available to legally work with a green card work permit with no company sponsorship needed in the future.*

WORK EXPERIENCE

Digital Project Manager

Atlantic Records (Warner Music Group)

OCT 2018 - JUL 2019 // NEW YORK, USA

(Left position due to student visa expiring and was unable to renew to work permit despite the company sponsoring)

- Worked with designers, digital marketers, and developers to create promotional digital content for all label artists
- Monitored progress of all digital projects via Jira and ensure content adheres to brand/legal guidelines
- Facilitated technical conversations such as hosting, API integrations, and A/B testings with development team and acquire any missing resources
- Collaborated with CRM and E-Commerce teams to improve fan interaction and merchandising sales
- Worked directly with SVP of Creative Services to strategize best practices for the creative team and digital department
- Trained junior designers and digital marketers

Creative Project Manager

Worlde Inc.

JUN 2016 - SEP 2018 // NEW YORK, USA

- Liaison between client, internal team, and vendors; overseeing photography, video, web production, and event projects
- Tracked progress, scope, and budget of projects and report to client accordingly
- Managed client site content via CMS (Wordpress)
- Supervised and analyze client social accounts
- Assisted in web design, animation, and photography creative work

Project Manager

IBM Japan

APR 2013 - MAR 2015 // TOKYO, JAPAN

- Managed internal teams of engineers and account representatives, and form proposals for clients such as Mizuho Bank and Shiseido
- Compiled research data, design pitch decks, and lead projects from conception to final transaction
